Thompson's Pool Hall Robbed.

Wednesday night some one broke a window in the rear of Thompson's pool hall, entered therein and took about \$10 in cash and a quantity of billiard balls, amounting to about \$80.

A pair of bloodhounds was brought over from Lawson yesterday evening for the purpose of tracing the person or persons who did the burglarizing. A side from creating a little curiosity and giving a number of individuals some much needed exercise, nothing was accomplished. The hounds floundered hither and tither, thru gardens and back yards until they were tired and lay down to rest. No special harm was done except to trample down some valuable garden truck. The hounds went over the same ground a time or two, but all of the garbage cans were empty or else their contents did not appeal to their dogships.

Death of John C. Glish.

John C. Glish died Friday morning at 2:10 o'clock at his home, 1901 Franklin street.

Mr. Glish was born in Sweet Springs, Mo., April 19, 1872, and was 45 years of age. He came to Lexington with his parents about 30 years ago. He was engaged in the saloon business until taken sick about three weeks ago.

Besides his mother, he is survived by one sister, Mrs. Patrick Connell, and one brother, LeRoy Glish, all of this city.

The funeral was held from the Catholic church Saturday morning at 9 o'clock.

Injured by Motorcycle.

Forest Wallace got in the way of a motor cycle Saturday and suffered a broken left arm and other painful bruises. The motor cycle was trying to get out of the way of a motor car, and Mr. Wallace was at fault; but—nine-tenths of the motor vehicles in Lexington are driven too fast and with little or no regard for the pedestrians.

Forfeits His "Liberty Bond."

A telegram was received by Dr. G. W. Fredendall Tuesday that is so characteristic of the sender that in order to make ourselves understood, it is printed verbatim. Here it is:

St. Louis, Mo., May 28.

Dr. G. W. Fredendall,
Lexington, Mo.

Congratulations or condolence are in order, am married. The sentence was pronounced this morning and the lady is still alive. Abe and his wife were witnesses and abettors of the crime, so don't blame the girl. You cannot count on me for Rainey Lake this year. For further information ask Abe.

FRED WILSON

We hasten to extend congratulations to a Prince and his Princess.

Ike Gratz accompanied by W. F. Hinesley and Ferd Bates, Jr., left Tuesday in his car for a trip through Kansas and Iowa. They encountered bad roads north of Kansas City and returned.

"SOLENNE IN QUEST' ORA" from LA FORZA DEL DESTINO

by MR. KARL JORN AND MR. ARTHUR MIDDLETON

of the Metropolitan Opera Company, New York City

Messrs. Jorn and Middleton have given a wonderful performance of this superb duet, which, as everyone knows, is one of Verdi's masterpieces. Their performance is literally Re-Created by

The NEW EDISON

"The Phonograph with a Soul"

That their voices cannot be told from the New Edison's Re-Creation of them in this wonderful duet has been proved by direct comparison. Messrs. Jorn and Middleton stood beside the New Edison and sang this beautiful duet. Suddenly, without warning, they quit singing, and the New Edison took up the duet alone. So perfectly are their voices Re-Created that it was necessary to look at their lips to tell when Messrs. Jorn and Middleton had ceased to sing.

We want you to hear the New Edison's Re-Creation of Jorn and Middleton in this wonderful duet. We also want you to hear the Re-Creation of other great voices; for example, Matzenauer, Rappold, Case, Destinn, Zenatello, Urlus, Goritz and Fontana.

Let us give you an hour of Re-Created music. You will not be embarrassed by solicitations to buy. Bring your friends. We want every music lover to hear the New Edison.

NOTICE: Please do not ask us to sell you Edison Re-Creations if you intend to attempt to play them on any other instrument than the New Edison. No other instrument can bring out the true musical quality of Edison Re-Creations. Furthermore, injury to the records is likely to result if you attempt to play them on an ordinary phonograph or talking machine.
